Agenda

A. Welcome: Dr. Marv Pichla/ John Gustincic

B. Guest Entrepreneurs: **Vivian Williams,** 100K Ideas Community Engagement Coordinator and **Tom Crampton**, 100K Ideas Product Expert.

100K Ideas is a Flint-based non-profit co-founded in 2017 by Phil Hagerman and David Ollila with a mission to relieve the innovator of the entrepreneurial burden. Phil was a successful entrepreneur and businessman from Flint and David an inventor and entrepreneur from Michigan's Upper Peninsula. They organized 100K Ideas as a community of student professionals, led by a seasoned leadership team, to help and mentor passionate innovators as they create products/services and startups of their own.
From a services perspective, 100K Ideas helps vet entrepreneurial ideas to provide a helping hand to anyone, regardless of prior experience or background and provides advice on strengthening ideas, the capacity to build them, or the support to bring them to market. 100K Ideas is part of a statewide network of business/product accelerators and can provide referrals when necessary to support advanced activities.
This session will highlight the 100K assessment binder process and discuss the suite of additional services available to innovators. There will be ample time for questions.
